

(Letter from Northeast Kingdom Human Services)

The Select Board of Greensboro  
81 Lauredon Ave.  
P.O. 119  
Greensboro, VT 05841

February 14, 2006

To The Select Board of Greensboro,

We are in receipt of your letter requesting we withdraw our proposal for the Lakeview Inn. We also have received many comments and it is clear to us that many questions and issues still remain. To this end we are organizing a series of small focus groups to review the issues of concern that the people of the town have around co-existing with a rehabilitation and recovery center for people with mental illness. Topics of discussion could include general client profiles; Vermont's care techniques; concerns identified in letters and calls we received; as well as our consumer's issues with stigma, discrimination and fair housing.

We will contact community members individually starting with neighbors, abutters, interested folks soon.

Sincerely,

Cathy Rouse  
Division Director

Eric Grims  
Executive Director
